EXPORTING FROM
Tx STUDIO™/Invivo 5
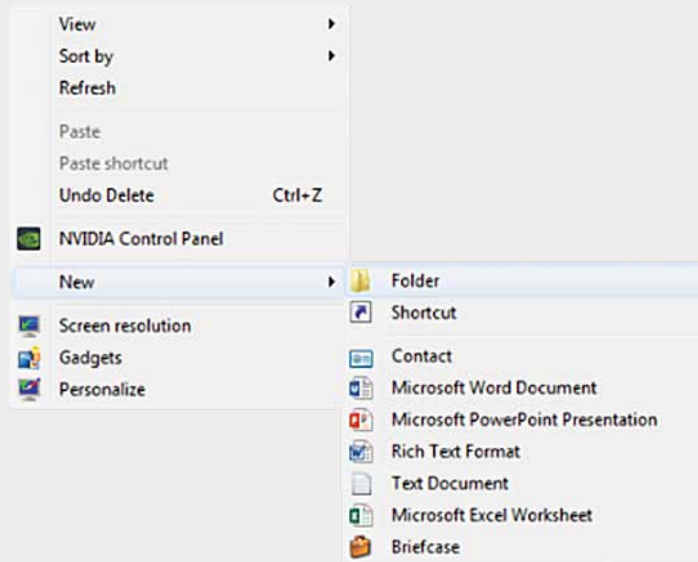

UPLOAD GUIDE
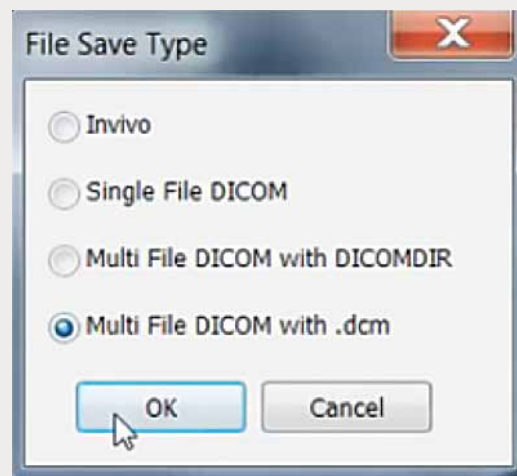

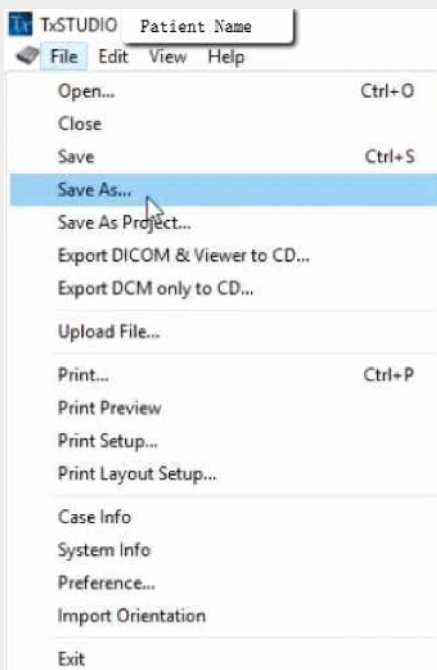

GL GLIDEWELL LABORATORIES

The process of exporting DICOM files from Tx STUDIO™ and Invivo 5 software is the same.

**Note: If using the Instrumentarium Dental OP300 or Gendex GXDP-700™, instructions will not apply.
Please contact your local representative for assistance on extracting the raw data from your CT scanner.**

*Step 1: Right-click on an empty space on your desktop to create a new folder (New ➔ Folder).
Type in the patient name and click "Enter".*

1

Step 2: Open your image and click on "File" ➔ "Save As" ➔ "Multi-File DICOM with .dcm", then click "OK".

The process of exporting DICOM files from Tx STUDIO™ and Invivo 5 software is the same.

Note: If using the Instrumentarium Dental OP300 or Gendex GXDP-700™, instructions will not apply. Please contact your local representative for assistance on extracting the raw data from your CT scanner.
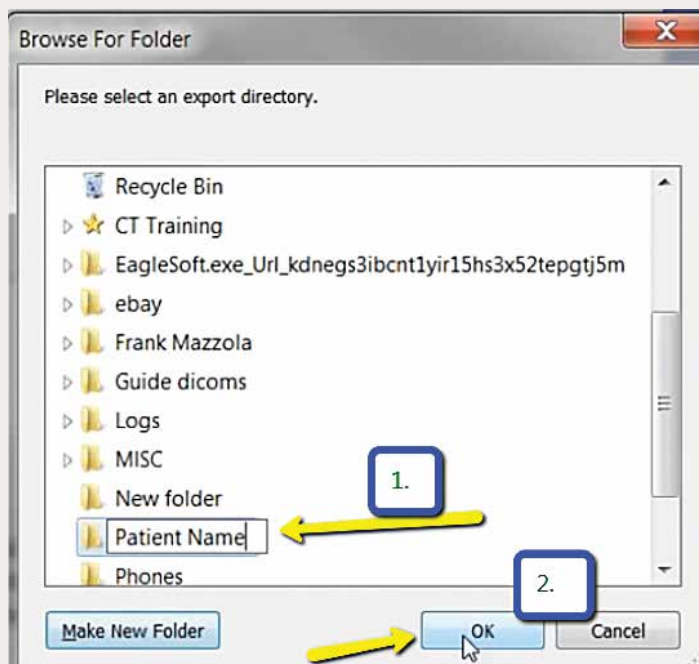

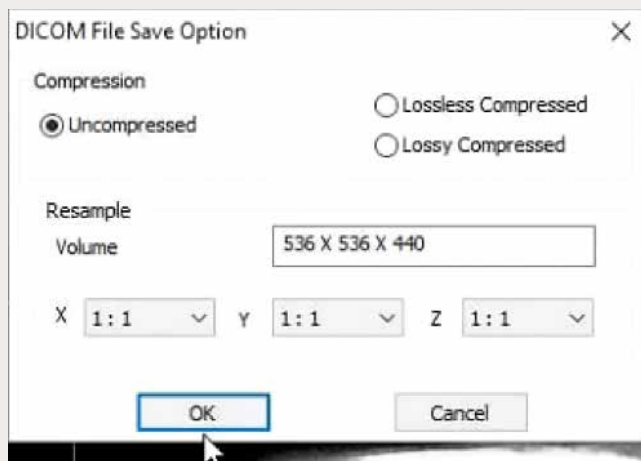

*Step 3: Select your newly created folder from your desktop and click "OK".*
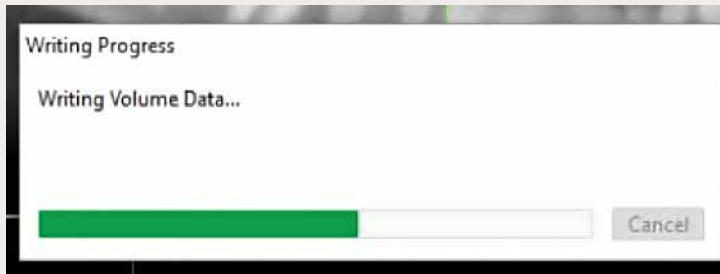

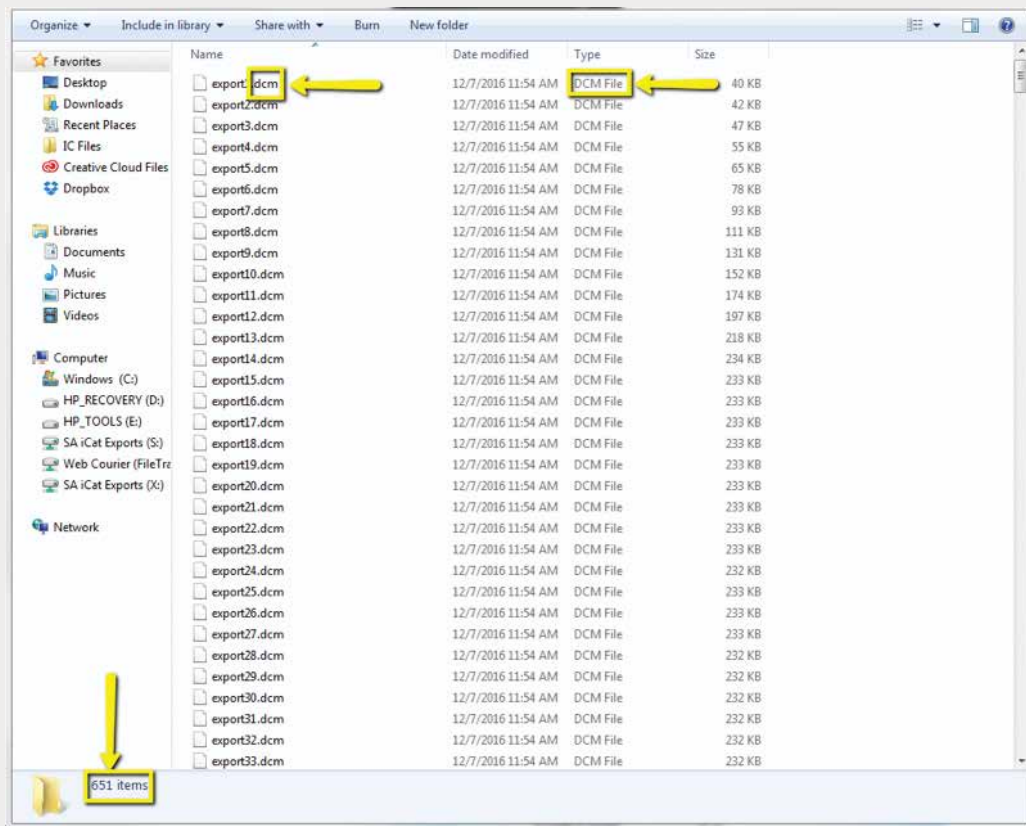

2

Step 4: Select "Uncompressed" and click "OK".

The process of exporting DICOM files from Tx STUDIO™ and Invivo 5 software is the same.

Note: If using the Instrumentarium Dental OP300 or Gendex GXDP-700™, instructions will not apply. Please contact your local representative for assistance on extracting the raw data from your CT scanner.

Step 5: Click "OK" when files are saved.

Step 6: Go to the patient's folder and confirm the .dcm files were exported correctly (there should be several hundred files).

3

The process of exporting DICOM files from Tx STUDIO™ and Invivo 5 software is the same.

**Note: If using the Instrumentarium Dental OP300 or Gendex GXDP-700™, instructions will not apply.
Please contact your local representative for assistance on extracting the raw data from your CT scanner.**
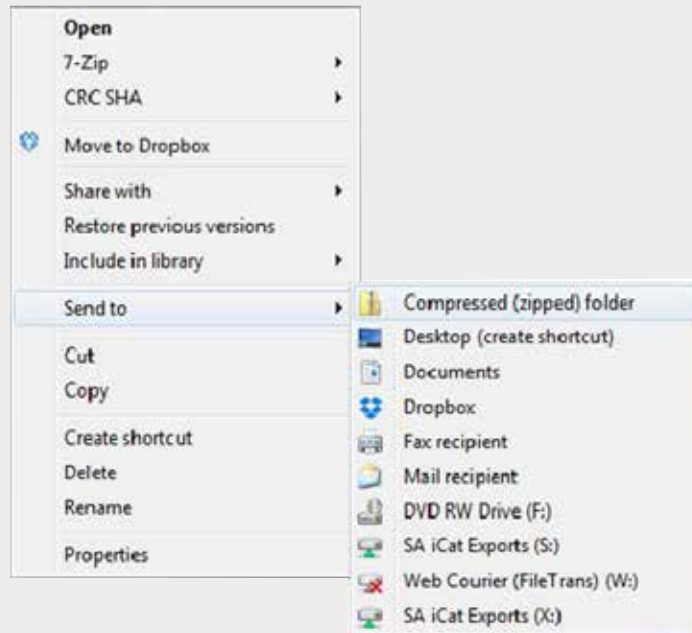

*Step 7: Return to your desktop and right-click on the patient's folder to send to a compressed folder
(Send to ➜ Compressed (zipped) folder). A duplicate folder will be created with either a zipper or a blue "Z".*

*Note: If following a Dual Scan Protocol, zip scans individually and label accordingly
(i.e., "Patient Scan" and "Denture Scan").*

4

Step 8: Upload your case on glidewelldental.com, then click and log in to "My Account".
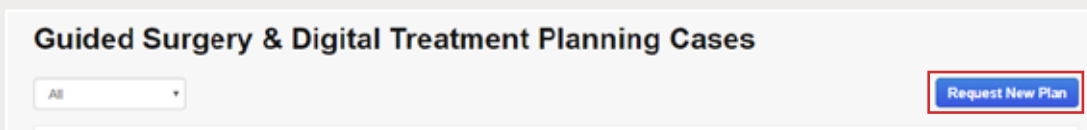

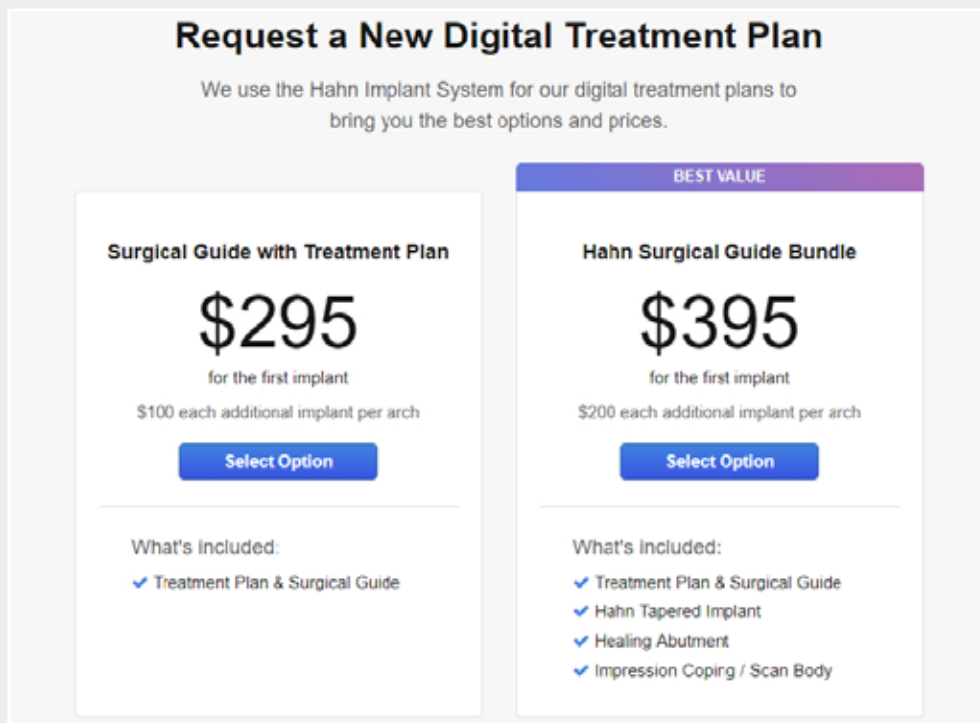

*Note: Use Google Chrome when uploading your case; additionally, if you do not have an account, please contact us
and we will set it up for you. Your scan can also be sent on a disc or USB drive via standard shipping methods if digital
upload is not possible.*

Step 9: Select "Cases" ➔ "Guided Surgery/DTP".

Step 10: Select "Request New Plan".

5

Step 11: Select desired package.
